Counsellors Liz Rivet, Maija Inglis
Secretary - Yvonne Hood

PRE-ADMISSION TESTING PROCEDURES for OCAS AND OUAC APPLICANTS

Do you have to complete testing as a requirement for admission to your college/university program of choice?

If so, you will need to book your test date through the college/university's Test Centre, travel to the institution and complete the test. While you are there, take a tour of your potential new school/home and arrange to sit in on some classes!

OR

Check with the college/university to see if they will allow you to complete the written or on-line test while being supervised by staff at the Employment Options (705-672-5244) office of Northern College!

Please note that **fees may apply**.

Best wishes as you complete the next step in your application process.
